2/21/2011

Meeting started at 7:04 p.m.

Roll call

Team builder: Everyone write personal fears on the paper, do not put your name on this! This will then be read aloud to the group and explain how the person might feel. This is to foster interpersonal empathy.

\*imagine Jeopardy music right now\*

Fears were collected and then randomly pasted back out. Members read what was on the paper. Yellow paper, failing, being financial unstable, biology, lost of scholarship, fingernail files, snakes, birds, heights, paper cuts, failing, disappoint parents...

As a student leader, understand that everyone has these fears and know how you can work with these people to make a better living environment.

Two events are coming up that we would like hall councils to work on.

- 1) The MS Walk that is on April 16. Teams or individual walk while looking for sponsors. If any hall council that is strong and interested we have some advertisement we would like you to get out there. Looking for hall councils to donate for the cause, trash for cash, dial a dog, grilled cheese sales, penny wars. **WE ARE GIVING YOU A CAUSE.** We don't want to make just a tRAC group, but are looking to get several separate hall councils involved. This is a very good cause!!!!!!!!!!!!!! This will be re-visited.
- 2) Food Drive, challenge between Kent State University. We will start collecting these next week. Bring all cans to general body meetings, office hours or we will have a box outside our office drop it off there. It will be going through to April 1<sup>st</sup>. Lets show Kent State who's boss (that's us if you didn't know!).
